Now in Paperback!

Understanding Threesomes

Gender, Sex, and Consensual Non-Monogamy

Ryan Scoats

Drawing upon more than 50 interviews and 200+ qualitative surveys this book offers a rich and in-depth analysis of contemporary threesome behaviours. The findings suggest that threesomes are a complex and multi-faceted sexual behaviour. A behaviour which simultaneously resists and maintains norms of monogamy, serves important roles and functions for individuals and relationships, and is both highly desirable but potentially risky. This book is essential reading for those interested in threesomes, consensual non-monogamies, and contemporary norms of sexual behaviour.
